

TED^xMarshallU presents:

stories that
change us

February 26, 2022

Who?

- We are looking for Marshall University students to join us on our TEDxMarshallU stage
- Do you have a unique story, talent, or idea that could change the world?
- If this sounds like you, send us a pitch to speak at our next event!

Why?

“Stories That Change Us” embodies the power of stories to impact our collective and individual identities and realities. Stories not only have inherent power and significance in their backgrounds and meanings, but also in how and why they are told. Our event will highlight ideas related to the significance of stories as change agents. Join us on February 26, 2022, to experience a celebration of storytelling through the spoken word, art, dance, music, and technology. We hope our stories and ideas will change you and the world for good.
